VESTIGATE

(From Tuesday's Daily)
Melvin Searls, 420 South Division
street, Stevens Point, member of a
Soo line bridge crew, met death in a
peculiar accident on the Soo's right
of way a few miles northwest of Ex-
eland, Sawyer county, at 5:45 o'clock
Monday evening. The tragedy occurred
when Searls and five other em-
ployees were forcibly thrown from a
gasoline handcar upon which they
were riding. All of the surviving
members of the party were injured,
one of the men being William F.
Berndt, 525 Illinois avenue, this city.

Thrown from Machine
Details of the tragedy were lacking
today, although Soo officials at the di-
visional offices here made repeated at-
tempts by wire to learn the cause and
secure other information from towns
in that vicinity. It is known that the
party of five was enroute to Exeland
from Lemington, a small station on
the Soo, and that the handcar sud-
denly jumped the track when going
at a rate of 15 miles an hour, forcibly
throwing the men along the right of
way. A special train conveyed Mr.
Searls and the injured men to Lady-
smith, where they were met at the
Soo station by an ambulance.

Five Men Injured
The list of injured as reported at the
offices of the Soo line here follows:
Richard Klempke, foreman, Marsh-
field—Fractured left forearm. Both
bones broken. Abrasion of one knee.
Wm. F. Berndt, 525 Illinois avenue,
Stevens Point—Contusion of right
forearm and left leg. Slight abrasion
of left eye, cheek and nose. Lip cut.
Joseph Sulik, Curtiss, Wis.—Left
ankle sprained.
John Larson, Ladysmith—Back
sprained.

Henry Majeski, Ladysmith—Palm
of hand torn and back sprained.
Searls' body was taken in charge by
the coroner of Rusk county. It will
be brought here on an early train
on Thursday by H. D. Boston, who
leaves for Ladysmith Wednesday
morning.

Word of Searls' death reached Stev-
ens Point at 8 o'clock Monday evening.
Mrs. Searls was at the Masonic temple
at the time, attending a meeting of
Arbutus chapter of the Eastern Star
order. A telephone message to the
building informed one of the other
members of her husband's death and
she was told a few moments later and
accompanied to her home. Mr. Searls
had spent last week at his home here
as he was suffering with a cold, but
left on Monday for Exeland to return
to work with the bridge crew of which
he was a member. The crew worked
in conjunction with a pile driver and
went to the vicinity of Lemington in
Sawyer county the first of the week.

Funeral on Friday
The funeral will be held Friday
afternoon. There will be a prayer at
the house at 2 o'clock and services at
the Presbyterian church at 2:30 o'clock.
Rev. James Blake pastor of the
Baptist church will officiate. The
funeral will be conducted under Ma-
sonic auspices, the deceased holding
membership in that order.

Melvin Searls was born in Norwich
ville, Canada, on November 25, 1884.

family came to Wisconsin, locating in
the town of Deerfield in Waushara
county. After a residence of four

JOHN BURROUGHS DIES ON A TRAIN AT VENERABLE AGE

ON HIS WAY EAST TO CELE-
BRATE 84TH BIRTHDAY
WITH HENRY FORD
AND TOM EDISON

New York, March 29.—John Bur-
roughs, famous naturalist, died at 2
a. m. today on a train on which he
was enroute from California to his
home at West Park, N. Y., according
to a telegram received by Dr. Walter
Gray Crump here. The telegram was
sent from Buffalo, N. Y., by Dr.
Clara Barrus, the naturalist's secre-
tary, and indicated Burroughs' death
occurred shortly before the train
reached the city.

Dr. Crump said the body would be
taken on to Poughkeepsie. Friends
and relatives will meet it there. Dr.
Crump's information was that Bur-
roughs, who spent the winter in Pas-
adena, Cal., became ill after his train
left Chicago on its eastward jour-
ney. A telegram was sent to Dr.
Crump by Dr. Barrus, requesting him
to meet Burroughs at Poughkeepsie.
When Dr. Crump was making prepara-
tions to start for Poughkeepsie, a
second message arrived advising him
the naturalist was dead. Burroughs
had planned to celebrate his 84th
birthday with Henry Ford, H. S. Fire-
stone and Thomas A. Edison, April 3,
and was returning from the coast
with this idea in mind.

UNITED STATES HELP FOR THE RAILROADS

PRESIDENT AND CABINET SAID
TO BE AGREED THAT IT
IS NECESSARY TO
SAVE THEM

Washington, March 29.—Govern-
ment aid in rehabilitation of railroads
was discussed at the cabinet meeting
today. Deep concern was expressed
over the situation and the belief was
general in the cabinet meeting that
the government should do something
to aid the railroads.

It was announced that President
Harding shortly will call into con-
ference the chairman of the interstate
commerce commission and the head
of the railroad labor board to discuss
the situation. No special plan was
decided on it was said.

years there they removed to Oasis,
Waushara county, where Melvin
Searls was married in 1890 to Lizette
Fay. They came to Stevens Point 22
years ago, since which time this city
has been their home. Mr. Searls was
employed for a time at the Cope Fur-
niture company plant here but in May
1908, entered the service of the Wis-
consin Central. He had since been in
the continuous employ of that com-
pany and its successor, the Soo line,
in the capacity of a carpenter in a
bridge crew.

Living Relatives
There survive the widow, five broth-
ers and one sister and a granddaughter,
Saidie Montgomery, who has re-
sided at the Searls home here since
the death of her mother, Mrs. H. M.
Montgomery, which occurred at Al-
tona, Wis., five years ago. The broth-
ers of the deceased are Jacob Searls,
of Wisconsin Rapids, who arrived in
Stevens Point today; Andrew of Cran-
moor, Wood county; Robert, located in
Lincoln county east of Tomahawk;
Harbert of Appleton, and Howard of
Fond du Lac. The sister is Mrs. A. E.
Dafos of Chicago, formerly of Stevens
Point. All of these relatives are ex-
pected to arrive for the funeral.

green Lodge No. 93, F. and A. M., of

LAD RUN OVER BY AUTOMOBILE

TEN-YEAR-OLD OTTO KOWAL-
SKY, 725 MICHIGAN
AVENUE, SERIOUSLY
INJURED

EXHIBITS RARE GAMES

GETS UP AFTER ACCIDENT AND
RUNS TO SIDEWALK—
MAY NOT LIVE

Otto Kowalsky, 10 years old, son
of Mr. and Mrs. Julius Kowalsky,
725 Michigan avenue, was run over
and seriously injured by an automo-
bile driven by Anton Gagas, 413 Fifth
avenue, at 2 o'clock Monday after-
noon. Although an examination failed
to disclose any broken bones, he
was injured internally and his recov-
ery is doubtful.

Thrown to Pavement
The accident occurred on North
Second St., about half way between
the Public square and Normal ave-
nue. The boy was crossing the
street from west to east, on his way
to the Guarantee Hardware company
store when he was struck by a fender
of the car and thrown to the pave-
ment. Lying on his back, with his
head outside, he was run over at the
abdomen by the left front wheel of
the car. The driver of the machine, a
touring car, which was running at a
low rate of speed, applied the brakes
and stopped the car before the rear
wheel reached the boy.

Doctor Attends Him
After being run over and before
anyone reached him, the boy dragged
himself out from under the car and
ran to the sidewalk. When he ar-
rived in front of the Guarantee Har-
ware store he sat down on the wall.
He was then assisted into the store,
where a doctor examined him. Later
he was removed to his home.

The street, where accident oc-
curred, is a narrow one and on Mon-
day afternoon, as usual, there was
considerable traffic upon it. There
were also cars parked at different
points on both sides. The Gagas car
was being driven down the middle of
the roadway.

A Flecky Lad
The pluck of the injured boy was
exceptional. He shed hardly a tear
and refused to be carried into the
store where he received first aid. He
is in the second grade at the McKin-
ley school.

RAILROADS OPPOSE VESTIBULE CABS

800 OFFICIALS POINT OUT
HEAVY ADDITIONAL EX-
PENSE BILL WOULD
BRING ABOUT

Railroad officials are not taking
seriously the Severson bill now pend-
ing in the legislature which requires
vestibule cabs on locomotives, but
nevertheless the bill is claiming at-
tention for fear that such a radical
step, as it is called, should come to
pass for lack of opposition.
The objection of the railroad com-
panies to the bill is the enormous ex-
pense that it would entail. Along
with this objection there is opposition
on the part of engine men themselves,
who for reasons apparent do not wish
to be confined in a vestibule car when
trouble starts and there is need for
"unloading."
would require close to \$2,000 to re-
build each locomotive operated on its
system in Wisconsin in conformity
with the new measure. There are now
300 Soo line locomotives operating
in the state, which would mean a new
investment of \$600,000 for the com-
pany should the measure pass.

NAVY SUB-STATION HERE IS RE-OPENED

TWO LOCAL YOUNG MEN ARE
ACCEPTED FOR SERVICE—
J. RASTMAN STILL
IN CHARGE

The naval recruiting sub-station at
the post office has again been opened
with J. Rastman in charge. It was
closed early in January in conformity
with a general retrenchment order
which stopped enlistments for a
time. Mr. Rastman has remained in
Stevens Point and has now received
orders to re-open the station and ac-
cept recruits in nearly all ratings.
W. E. Allen, who has been here since
December 1 assisting Mr. Rastman,
has been sent to the main station at
Milwaukee and left for that city on
Monday.

Two local young men have been ac-
cepted for enlistment and have gone
to Milwaukee to be sworn into ser-
vice and receive final physical exam-
inations. They are E. B. Beckman,
215 Phillips street, and T. E. Wy-
sok, 1012 Portage street, both of
whom are rated as apprentice sea-
men.

WILLIAM ANDERSON, CAUGHT IN ALMOND STORE, TAKEN TO REFORMATORY AT GREEN BAY

William Anderson, 21, who was ar-
rested early in the morning of March
5 while in the act of burglarizing the
general store of Manley & Soule in
the village of Almond, was taken to
Green Bay Monday by Sheriff John
A. Berry to begin his sentence of
three years in the state reformatory.

Anderson, who said he formerly liv-
ed in Minneapolis, has been a wan-
derer since he was 14 years of age.
he told the authorities. He has been
in every state of the union, he claims,
and has never stayed in one place any
length of time. He was out of work
and hungry, he said, when he was
ordered off a freight train at Almond
on March 4, while on his way to
Marshfield. After breaking into the
store he used matches to make his
way about, and it was the flashes
from these that attracted attention
and led to his arrest by a posse led
by the village marshal.

On being arraigned on a charge
of burglary Anderson pleaded guilty
and asked to be taken before Circuit
Judge B. B. Park for sentence. After
sentencing him to three years in the
Green Bay reformatory Judge Park
ordered that he be held at the county
jail until his record could be in-
vestigated. Practically no information
as to his past could be obtained
by the authorities.

Joseph M. Authier, Detroit detec-
tive, who came here Saturday for
Ralph E. Kingston, arrested on a
warrant charging abandonment of his
wife and daughter, claimed to have
recognized Anderson as a fugitive
sought for jail breaking in Colorado.

MANY FILE RETURNS WITH ANDREW P. KEN

According to Andrew P. Ken, assessor
of incomes for this district, the
number of income returns filed with
him this year greatly outnumber those
filed in this district last year and in
his opinion the total amount will ex-
ceed last year's figures. The demand
for blanks was so great that his sup-
ply became exhausted several times.
March 30 is the last day for filing re-
turns for state income tax.

CITY WOULD PAY BILL OF 1,900 FEET

WOULD GIVE A LONG STRETCH
OF CONCRETE FROM 800
TRACKS TO VILLAGE
OF FLOVER SIX
MILES AWAY

STATE SUGGESTS JOINT CONSTRUCTION

MATTER PUT UP TO CITY IN
COMMUNICATION FROM
MENGEL TO THE
MAYOR

The state highway commission pro-
poses that the city of Stevens Point
join in the big concrete job on Road
No. 10 by authorizing the laying of
concrete pavement from the Soo line
tracks to both street, 1,900 feet long.
If the plan is accepted the state
will take care of the work in one con-
tract and charge the city with the
cost back to the city.

The suggestion is made in a letter
from F. F. Mengel, division highway
engineer, to Mayor John M. Welby.
The mayor has inquired as to the
possibility of starting the concrete at
the tracks. It was thought that the
state might do all the work at its own
expense. That cannot be done, Mr.
Mengel writes, and the engineer then
makes his proposal for doing 1,900
feet of the job at the expense of the
city.

The cost to the city is not stated.
At the rate charged lately on con-
crete contracts, the city's share of the
bill would probably be something
more than \$10,000. The work would
give a fine stretch of concrete from
the tracks to the village of Flover,
six miles away.

The engineer's letter is as follows:
Honorable J. Welby,
Mayor, City of Stevens Point,
Stevens Point, Wisconsin.
Dear Sir:

The plans for the Stevens Point-
Flover Road, Federal Aid Project No.
226 are completed and bids will be
taken at a very early date. At the
time the survey was made for this
work, we were requested to start at
the Soo line tracks, although the
construction limits are 1,900 feet
south of the tracks. In other words,
the road will be built with State,
County and Federal Aid money up to
within 1,900 feet of the Soo line rail-
road tracks and if the balance is to be
paved it must be paid for by the city
of Stevens Point.

I should like to have a letter from
you advising me as to whether the
city would like to have this portion
of the road paved at the time that the
Federal Aid Project is built. It ap-
pears to me that it would be very de-
sirable to have this paved because we
expect to secure a very good price on
this work. It will cost consider-
able more if this short piece of road
is constructed at a separate time it
would also mean that the road will
have to be closed to travel, thereby
inconveniencing travel, while if it was
built at this time travel will follow
our detour and we will not have two
separate detours.

Yours very truly,
F. F. MENGEL,
Division Engineer.

The Mayor's Reply

Mayor Welby immediately replied to
Engineer Mengel asking that fig-
ures be submitted showing what the
work would cost the city. The matter
will come before the council at the
next meeting. The mayor is strongly

ALICE M. GORDON ALONE ON BALLOT

ACTING SUPERINTENDENT ONLY
ONE TO FILE FOR ELEC.
TION TO BE HELD
APRIL 5

RYBICKI IS TOO LATE

HAD PAPERS PREPARED BUT
FAILED TO ACT BEFORE
TIME EXPIRED

Miss Alice M. Gordon, acting county superintendent of schools by virtue of an appointment by State Superintendent C. P. Cary, is the only candidate for the office whose name will appear on the official ballot at the election on April 5.

Michael Rybicki of Stevens Point, who had announced his candidacy for the office, failed to file his nomination papers and as a consequence his name will not appear on the ballot. The law now provides that the time for filing nominations expires 20 days prior to election day, and March 16 was the last day for filing. Miss Gordon's papers were filed in time, but those of Mr. Rybicki, which had been fully prepared for filing, were held up owing to a misunderstanding as to the time limit. The laws governing city elections provide for the filing of papers not later than 10 days prior to election day, and it was this that caused the misunderstanding.

In Good Hands

Miss Gordon, whose election as county superintendent is now assured, is splendidly equipped to discharge the duties of that office. She has had varied experience and adequate training and has a deep and intelligent interest in the welfare of schools of the county and the young people who attend them. During the short time she has been superintendent she has demonstrated her ability to measure up to the requirements of the office.

City Has No Vote

Voters of the city of Stevens Point have no voice in the election of the county superintendent, who is chosen by the electors of the various towns and villages.

PIONEER RESIDENCE DIES AT HER HOME

PASSING OF MRS. MARY COULTHURST, AGED 95, REMOVES ONE OF CITY'S OLDEST RESIDENTS

Mrs. Mary Coulthurst, a resident of Stevens Point for more than 50 years, passed away at her home at 105 Superior avenue at 1:30 a. m. last Wednesday. She was stricken down at her home about seven weeks ago since which time her condition had rapidly declined, little hope being entertained for her recovery.

Mrs. Coulthurst was 95 years of age last May. She was born in England and her maiden name was Mary Isherwood. Her marriage to Abraham Coulthurst took place in that country, the family, including the couple and one child, coming to America when she was 21 years of age. They resided in Wausau for several years, then removing south of Plover where they operated what was known as the Grove House during Civil war days. The family came to Stevens Point in the early seventies and this city had since been the home of Mrs. Coulthurst, although her husband and their sons operated a farm in the town of Plover some years later. Abraham Coulthurst died in 1886 at the age of 68 years. Prior to two years ago, the widow had been unusually active for one of her age.

The late Mrs. Coulthurst was the mother of 15 children, five of whom survive. They are Mrs. Peter Murphy of Arlington, S. D., who was James Coulthurst of Plover and John, called to Stevens Point a week ago by her mother's critical illness, Mrs. Isabelle Isherwood of Stevens Point, who resided with his mother in this city. There also survive 39 grandchildren and 53 great grandchildren. Mrs. Murphy, a daughter, is grandmother to 15 of the great grandchildren. Mrs. Coulthurst was the last of a family of six children. Her last surviving sister died in England in August.

Funeral services were held at the home of the deceased on Superior avenue at 2 o'clock Friday afternoon, Rev. James Blake of the Baptist church officiating. Interment took place in Forest cemetery.

LANGLADE COUNTY FARMERS OPPOSED TO COUNTY AGENT

The Antigo Journal has been conducting a referendum on the question of a county agent. The county board recently decided to discontinue the office. The Antigo paper's vote thus far shows 53 for the county agency and 296 against it.

SCHOOL CELEBRATES

FOUNTAIN SCHOOL SCENE OF INTERESTING OCCASION IN WHICH MANY JOIN

Fountain Grove School, Town of Amherst, Wis., March 24—Nearly three hours of genuine fun was spent at Fountain Grove, on Friday evening, March 11. With the building filled to its capacity the "good time for young and old" opened with a patriotic program, given by the pupils. A special number at the close of the children's program, proved just the thing to set the crowd off in a joyous, rollicking mood, which it maintained. The unusually clever vaudeville sketch entitled "The Umbrella Mender," with two character parts, the Jew and the Irishman, was ably played by Messrs. Joe Leary and Theodore Magnuson. Mr. Leary carried over to advantage the part of the witty Irishman, while Mr. Magnuson in the make-up of a typical Jew umbrella mender, brought forth a downpour of laughter from the crowd. A side-splitting conversation carried on between the two kept the house in an uproar.

Twenty minutes of spirited community singing in which old and young joined, was led by the teacher, Miss Campbell.

An organ raffle, seat sale and pie social were next in order.

Coffee and sandwiches were served by Mrs. J. A. Berts and Mrs. Henry Demras. The evening was profitably and enjoyably spent, netting \$23.50 in money and much more in fun.

Prof. O. W. Neale of the Normal and Miss Alice Gordon, county superintendent, could not be here, on account of bad roads.

Humane Society Sounds a Warning

By Mrs. C. B. Baker, President Portage County Humane Society

Please permit me through the columns of your paper to make one more appeal for the preservation of our birds. Spring is with us again and so is the airgun. A lady has reported that in traversing about five blocks in our city she passed three dead birds—two robins and one other. A pigeon with a broken leg comes to the birds' feeding ground in my own door yard and another lady has reported that twice this spring she has been hit with shot from air guns in the hands of boys. Fortunately she was not near enough either time to be injured, but the result might easily have been different.

Good people of Stevens Point and Portage county, won't you kindly remember that our country needs its birds more than your children need this deadly toy! People, too, need protection from it now as well as birds and animals. The air gun and toy rifle, like the automobile, are becoming too much of a menace in the hands of the irresponsible, for the enforcement of the "safety first" principles so much advocated at the present time.

The Portage County Humane society sounds this warning to all concerned.

Our birds are protected by Wisconsin laws. The only bird not protected is the English sparrow, and it is easy to understand how impossible it is to pick out the English sparrow from the thirty-seven kinds of sparrows that are with us all the time. Black birds also are protected by the law. The value of birds that live in flocks is well known to all who study the subject, by the great amount of work they do in clearing the ground and fields of grubs, bugs and worms. We offer a reward of two dollars for information that leads to the conviction of any one guilty of killing or injuring birds with an air gun or rifle. If common decency, morality, humanity or Christian principles are not enough to keep parents from placing these deadly toys in the hands of children, then we must turn to the law for protection. If parents find themselves obliged to submit to the imprisonment of their boys or to pay a fine for them, we ask them to remember they have only themselves to blame. We trust that all who read will heed this warning. Complaints may be made to Mrs. C. B. Baker, president; Miss Lillian Arnot, secretary, or to Dr. F. A. Norton, county officer of the society.

POWER FARMING DAY OBSERVED

INSTRUCTIVE PROGRAM IS CAR-
RIED OUT AT MAJESTIC
BY THE G. A. GULLIKSON
SON COMPANY

MOTION PICTURES SHOWN

INTERESTING ADDRESSES GIV-
EN TO AUDIENCE OF MORE
THAN 200

Although several of the country highways were in almost impassable condition many residents of the rural districts came to Stevens Point last Saturday to attend the "Power Farming Day" exhibit of motion pictures and hear the addresses at the Majestic theatre. The event was arranged by G. A. Gullikson company, local representatives of the Fordson tractor, which type of machine was shown on the screen. "How Seeds Germinate and Grow Under Various Conditions" was a particularly interesting and instructive film, showing what actually takes place below the surface of the soil from the time the seed is planted until the stalk shoots out of the ground.

At 1:30 o'clock Mr. Gullikson briefly welcomed the assembly and introduced J. E. Maybes of Fond du Lac as chairman. The latter represents the F. W. Meiklejohn company, state distributors of Fordson machinery.

Cuts Production Costs
The first speaker was W. F. Loomis, manager of Milwaukee for the Oliver Chilled Plow works, who impressed upon his hearers the thought that the big idea in power farming is in reducing the cost of production. Mrs. C. E. Hatch, also of Milwaukee, spoke on the subject of power farming from the woman's standpoint, saying that the tractor has a tendency to make the farm more attractive and is going to be an incentive to keep the boys and girls at home. Mr. Hatch, who followed his wife, devoted several minutes to extolling the advantages of the cultipacker, a roller device which, if used on plowed and seeded land, makes the soil firmer and practically assures the growing of larger and better crops.

Rock County Man Speaks
Perry Lynch, a veritable whirlwind talker, who came all the way from Rock county to address Saturday afternoon's meeting, kept his audience intensely interested for a half hour as he related his personal experiences with power machinery on his 75 acre place near Janesville. Mr. Lynch owns a Fordson tractor and a one-ton truck, and he told why both types of machinery are almost indispensable to successful farming.

American Farmer Best
W. W. Clark, Portage county agricultural agent, who was called upon for an informal talk, said that the American farmer is the most efficient in the world. He commended the use of cultipackers and expressed the belief that these machines are proving to be good farm investments.

The closing speaker was S. Earl Carley, of Buena Vista, who took for his subject, "Eighty-nine Score Butter—Its Cause and Effect." Mr. Carley explained that 89 per cent butter is a product not up to standard because of its lack of flavor. Only a few ounces of poor cream turned into a vat is likely to result in making the entire churning below grade, therefore Mr. Carley urged that the utmost care of their product be paid all patrons of creameries. When it is taken into consideration that recent quotations showed a difference of 17 cents between 91 per cent and 89 per cent butter, the force of the Buena Vista speaker's appeal may be realized.

Prizes are Awarded
As each adult came into the theatre he or she was given a numbered ticket and just before adjournment two valuable articles, a barrel of Havoline oil and a bread mixer, were given away. Thomas Dineen of Buena Vista secured the oil and Mrs. Lewis Proctor of Buena Vista became the lucky possessor of the bread mixer.

Many in Attendance
The two hundred or more people who attended this affair feel repaid for the time spent and are grateful to the Gullikson company.

Mrs. Joshua Binney of Milwaukee was in Stevens Point last week to look up information regarding her grandfather, John Ogdan, who owned and lived on what is now the Raymond farm in the town of Stockton, prior to 1865 when it was sold and the family left. A brother of Mr. Ogdan, Frank Ogdan, a bachelor, who lived at Madison, left an estate of \$7,000,000, and since his death four bogus wills have turned out. It is expected that the property will finally be distributed among the relatives, including the descendants of John Ogdan.

Mrs. Binney is a friend of Mrs. F. E. Walbridge, who assisted her while here in obtaining information she sought.

POSTPONE SPECIAL CHURCH SERVICES

EVANGELIST AND ASSISTANTS
NOT COMING TO STEVENS
POINT UNTIL NEXT
SUNDAY

Evangelistic services at the Baptist church, scheduled to begin on Tuesday evening of this week, have been postponed to next Sunday as the result of a request made to Rev. G. M. Calhoun of St. Paul's Methodist church, who has arranged for these special services.

Rev. George W. Taylor, the evangelist, and his wife, who is a solo cornetist, are now conducting evangelistic meetings at Marinette and wired here asking a postponement until next Sunday in order to extend the services in Marinette. The request was granted. Their son, James Taylor, director of music, and his wife, a pianist, who are now at Mapleton, Iowa, will arrive in Stevens Point in time to take part in the initial meeting next Sunday.

The Baptist, Methodist and Presbyterian churches are cooperating in these special meetings, which will continue over a period of three weeks. The first half of these meetings will be held at the Baptist church and the remainder at the Methodist church. The Presbyterians, without a pastor at the present time, decided to abandon their services during the three week period and unite with the other two congregations.

SOME PERSONS MISTAKE FOR
A STILL WHAT IS SOME
THING INNOCENT

Meddlesome persons mistook for a whisky still what was only a heated chicken house to keep newly hatched chicks warm, says Mrs. C. J. Lane, whose husband pleaded guilty recently to having moonshine in his possession. Mrs. Lane makes the following statement:

"The chicks that were mentioned in the Journal a few weeks ago as herds of spring were owned by Mr. Lane. They, being day-old chicks, must be kept very warm in order to thrive. Therefore, a stove was put in the chicken coop to save the expense of a brooder. Now some timid persons who hide behind anonymous letters have complained of moonshining going on. It would be worth it to find out who the ones are who shield themselves with anonymous letters, so I will give my name to show I am not a coward. Our neighbors know more about us nowadays than we really do ourselves. If everyone will mind their own business as well as I do mine, they will be kept very busy."

"This statement is made without knowledge of Mr. Lane. It is purely voluntary on my part."

TAX BILLS' FATE DEPENDS ON NEED

IF THE STATE CAN GET ALONG
WITHOUT HIGHER APPRO-
PRIATIONS, THEY MAY
FAIL

DAHL BILL'S CHANCE FAIR

OBJECTIONS ON SOME GROUNDS
IT HAS OTHER POINTS
OF ADVANTAGE

Madison, Wis., March 28.—Taxation problems will occupy the attention of the legislature again this week. While there will be no formal hearings on taxation bills of importance, legislators will continue a study of the question with a view of finding a solution.

The taxation bills have been referred to the joint finance committee and the assembly committee on taxation. The members of the joint finance committee are objecting to this extra work. They believe the bills should have passed through the state affairs committees of the two houses to be sifted and sorted before the joint finance committee was asked to pass final judgment and report to the legislature.

But little preliminary work has been done on the bills. The joint finance committee members expect to buckle down this week to the task. Weeks may be consumed in considering the complex problems which invariably arise when new taxation systems are proposed.

Do They Need It?

The first task of the joint finance committee will be to determine whether additional revenues will be needed.

It has been assumed, because of the vast difference between the departmental requests and the state's income, that more revenue must necessarily be acquired. This has been an assumption only. No member of the committee is thoroughly convinced an additional tax levy will be necessary. This must be determined within the next few weeks. The committee will make a tentative allotment of funds. The total will indicate the revenue actually needed to carry on the state's institutions.

The second step will depend upon the committee's decision in the first instance. If more funds are needed, the bills will undergo careful study.

Against Surtax

The committee majority is believed to be against a surtax. While members are reluctant to commit themselves in the absence of full facts, many are known to oppose the surtax theory.

Members are said to favor the Dahl bill which has the endorsement of the administration. This bill contains some features highly objectionable to the conservative wing of the legislature, such as the repeal of the personal property offset and the "secrecy clause" but has many features that commend the bill, members say.

The bill as it now stands would raise an estimated revenue of \$17,000,000. No such sum of money will be needed, according to the best informed members of the finance committee. Striking out the personal property offset feature of the bill would reduce the total yield \$5,000,000. A further reduction in rates could be effected, members point out, that would give the state the required additional revenue without working a serious hardship on industry.

Severson Bill in Reserve

Should the Dahl bill fail to commend itself to the majority, the Severson surtax bill may be revamped to fit in with the committee's ideas as to the needs of the state.

The authors of the tax bills have framed their measures to materially boost income tax receipts in order to do away with all mill taxes. Conservatively active legislators say no such plan can win the approval of the majority in the two houses.

WINDSTORM ON SUNDAY

Part of Furnace Stack Blown Down
and Other Damage Results

A heavy windstorm early Sunday morning caused some damage in Stevens Point and vicinity. The top section of a 50 foot furnace stack was blown down at the Jackson Milling company's plant here while at High Banks north of the city on the Wisconsin river slight damage resulted at two cottages owned by Wm. Moll and Dr. G. M. Houlihan. A good-sized tree which stood near the paper mill road below the plant of the Wisconsin River Paper & Pulp company, was blown across the highway. A rapid drop in temperature was noticeable in Stevens Point Sunday evening.

FORMER BRAKEMAN GETS BIG DAMAGES IN CHICAGO COURT

JURY IN HARD FOUGHT CASE
AGAINST SGO LINE DE-
CIDES PLAINTIFF IS
ENTITLED TO SUM
OF \$20,000

Claude A. Heater of Fond du Lac, a former brakeman on the Soo line, was awarded \$20,000 damages for the loss of his left foot, by a jury before Judge Edward Mangan in the Chicago superior court on Friday. The jury was out from 8:40 o'clock in the afternoon until 9 o'clock at night, after listening to the evidence in the case all week. According to a statement made by the foreman of the jury, six members wanted to make an award of \$70,000.

Mr. Heater made no specific claim in his suit against the Soo line. He lost his left foot as the result of an accident near Rugby Junction on May 17, 1918 and claimed that an obstruction on the right of way was responsible. He had swung off a car to attend to a hot box. He stepped on a big stone and bruised a bone in his leg. Later a cancerous condition set in and it was necessary to remove the foot.

The Soo line fought the case and introduced as witnesses Dr. Harris a leading Chicago surgeon, Dr. F. S. Wiley of Fond du Lac and Dr. Steele of Oshkosh. The plaintiff offered testimony by Dr. LeCount, professor in Rush Medical college, Dr. Henry Twohig of Fond du Lac and Dr. Adams, a Chicago surgeon. Mr. Heater was represented in the case by Attorney T. W. Irwin of Chicago.

The Soo line has 90 days in which to make payment of the \$20,000.

Mr. Heater, who is 26 years of age and married, has been employed at a Fond du Lac garage since recovering from his injuries. He resumed his garage work in that city on Saturday upon his return from Chicago.

MAYOR APPOINTED UPON FAIR BOARD

IRVING S. HULL RESIGNS AND
JOHN N. WELSBY IS ELECT-
ED SUCCESSOR—MORE
RACE MONEY

At a meeting of the directors of the Fair association Friday night the resignation of Irving S. Hull as a director was presented, and on its acceptance, Mayor John N. Welsby was elected as his successor. The mayor was notified of his election and promised to serve.

The new board is made up as follows: W. R. Cook, G. A. Gullikson, M. E. Bruce, R. K. McDonald, C. S. Orthman, John H. Finch, Dr. W. W. Gregory, H. J. Finch, G. L. Park, A. C. Krembs, Paul Hussin, Alex Krembs, E. H. Rothman, Dr. W. R. Swan, Elliott L. Martin, C. A. Schenck, Dr. L. P. Pasternacki, John N. Welsby, C. H. Cashin, J. M. Pfiffner, A. E. Bourne. Interest in the work was shown by an attendance of 18 out of the 21 members.

Added Money

The "added money" plan of purses for races was decided on after an animated discussion. Under this plan the money received for entries is added to the purse and apportioned the same as the purse money to the horses getting places. The race thus becomes valuable as the entries are larger, and in some cases a winning horse will earn 50 per cent more than now. The objection urged to this arrangement is that it puts a heavier burden on the fair, but a majority of the directors held that this is offset by the extra inducement to horsemen, with resultant larger fields and better horses. It was stated in behalf of the horsemen that they are not now making expenses, and that unless the fair could do better by them, a number who usually enter here would not enter this year. It is estimated that the "added money" plan will add about \$500 to the fair's expenses.

Free Attractions

For free attractions an appropriation of \$1,500 was made, an increase of \$600. This will enable the committee to get higher class performers.

While increasing the appropriation on these two items, the board decided against a general increase of expenses. Need of showing caution because of the ever present possibility of a rainy week was pointed out by C. H. Cashin, and in this the directors generally agreed.

CHANGES AT MILLADORE

W. G. Bordan who owns one of the best business locations at Milladore, has leased his property to Ed. Bryce and the latter will continue to operate hotel and also deal in ice cream, confections and tobaccos. Mr. Bordan and family now occupy a flat in the Kupsch brick building just north of their former store. "Jim" is a gentleman of leisure at present but will soon engage actively in the real estate business, making a specialty of choice farming land in that vicinity.

ST. JOHN'S COURT TO BUILD HOME

HANNA-OWEN PROPERTY, THIRD
STREET AND NORMAL AVE-
NUE, PURCHASED FOR
EIGHT THOUSAND

BUILDING TO COST \$30,000

TO CONTAIN LARGE HALL ON
SECOND FLOOR—WILL
BUILD IN 1922

Purchase of the property at the corner of North Third street and Normal Avenue and on the opposite side of North Third street, occupied by the Myers house and barn, is announced by St. John's court, No. 1,807, Catholic Order of Foresters. The price is \$8,000. The property was owned by Judge W. F. Owen and Mrs. T. H. Hanna.

The Foresters will not build until 1922 and in the meantime Lon Myers will continue to occupy the property. Plans for the new building, which will cost \$30,000, are now being made. One of the largest halls in the city will be provided on the second floor. The land available on that side of the street is 50 by 124. Allowing for club rooms at one end, it is believed the hall can be made 47 by 80 or 90. The arrangement on the lower floor is yet unsettled. One plan is to put in stores at once, another is to use it two or three years as a roller skating rink, then convert it into stores. The building will be of solid brick with stone facings.

The property on the east side of Third street, now occupied by the barn, may later be sold, or it may be retained by the Foresters and used for a tennis court.

KEEP TAX DOWN BUSINESS ASKS SMALL AND LARGE BUSINESS HOUSES OF WISCONSIN APPEAL TO THE LAWMAKERS TIME TO PADDLE ASHORE TIME FOR EXPERIMENTA- TION, SAYS SIMMONS OF KENOSHA

Madison, Wis., March 25.—Business and its friends before the Wisconsin legislature Thursday afternoon.

Hundreds of representatives of the great and small business houses and industries of the state appeared before the legislature and voiced protest against any increase in the income tax rates of the state as well as against any increase in the general property taxes.

"We are just off a glorious drunk," said Z. G. Simmons, head of the Simmons company, Kenosha, and one of the leading manufacturers of the state. "We have got to paddle ashore. We must make a dollar worth something. It must have a relative value. We cannot have one plane for the class and another plane for another class and trade. This is no time for experiments."

Promote Industry

"Wisconsin had just as well be alive with industry. The center of population is a few miles from Bloomington. We are near Chicago, with its \$3 trunk lines. I won't say that we raise the income taxes we shall have. I won't say it because we don't do it. We have faith in the right thinking of the Wisconsin legislature."

Three Bills Up

The tax hearing was before the joint finance committee and the assembly committee on state affairs. All members of the legislature were invited to listen to the discussion and most members did.

Three bills were considered; the Johnson surtax bill, levying a surtax on incomes of \$5,000 and yielding \$1,000,000; the Conant bill, raising \$1,000,000 by increasing income tax rates and the Arnold bill, raising \$20,000,000 by increasing rates.

The business interests were represented by a half dozen speakers including Simmons, Max Babb, A. B. Babb, W. B. Babb, and W. B. Babb. Delegates from Stevens Point, Superior, Ashland, Green Bay, Milwaukee, Beloit, Fond du Lac, Janesville, Kenosha, Racine, and Sheboygan attended the hearing.

For the Bills

Senators Severson, Conant and Arnold made representations of their respective bills, each urging upon the committee members the necessity of increasing the state's revenue and the principle that greater tax burdens should fall upon those best able to pay.

Alderman Herman O. Kentz spoke for the common council of Milwaukee, arguing the Arnold bill because, he said, it would reduce general property taxes.

John A. Mc Cormick, representing the Milwaukee Real Estate board, spoke in favor of an increase in income taxes should the state find it necessary to raise more revenue.

**COLLINS BOOSTER

W. F. Collins of Annett, cashier of the Annett State Bank, in a letter to Mrs. J. N. Peckert of this city, who solicited him for stock in the Stevens Point Hotel company, goes on record as a 100 per cent booster with the following statement:

BOB IS PROUD OF WAR RECORD

WOULDN'T TRADE IT FOR RECORD OF ANY OTHER MAN IN ALL AMERICA, HE STATES

WILL FIGHT HIGH TARIFF INTERESTS MADE PEOPLE FIGHT, NOW WILL MAKE THEM PAY

Madison, Wis., March 26.—Speaking today in the assembly room of the state capitol where three years ago the legislature passed a resolution condemning his war record, United States Senator Robert M. La Follette in defiance declared: "I wouldn't trade records with any living man on the war, I'll tell you that."

La Follette addressed the farmer labor conference here Friday to organize the People's Reconstruction league. He gave his qualified support to the legislative program announced by the league and then forewarned the audience of a battle he intends to wage against a high protective tariff at Washington.

"They are at it down in Washington now. First they make you fight the war and then they make you pay for it. They plan to repeal the excess profit law and the income tax. They intend to put the tax on bread—that is what is coming," La Follette said.

SHORT COURSE ENDS SIXTEEN GRADUATE

SUCCESSFUL FARMERS' SESSIONS ARE HELD AT THE STATE NORMAL SCHOOL ON WEDNESDAY

A representative gathering of men and women from all parts of Portage county attended the afternoon session of the farmers' conference at the State Normal school on Wednesday, which marked the close of a nine weeks' short course in agriculture.

President John F. Sims, one of the speakers, championed the cause of better rural education, advocating larger opportunities for the country boy and girl. He also encouraged organized agricultural club work for boys and girls.

County Agent W. W. Clark, another speaker, explained the value and necessity of using limestone for building up sour, sandy soils of Portage county. Prof. C. V. LaDuke, teacher of agriculture at the Normal, who appeared on the morning program, spoke on "Feeding Dairy Cattle." He stated that a better balanced ration will oftentimes result in a much larger production of milk and that a small increase in the ration will often greatly increase the production.

During the afternoon a seed corn testing demonstration was given by students in the short course, who also tested samples of milk and cream and soil which were brought in by farmers. Fourteen young men and two young ladies from all parts of the county have just finished the short course and it is expected that they will now take the lead in promoting agricultural development in their respective communities.

FARMERS VOTE DOWN COUNTY AGENT PLAN

A referendum conducted by the Antigo Daily Journal on the question of engaging the services of an agricultural agent for Langlade county resulted in an overwhelming defeat of the proposal. A total of 455 votes were cast against the county agent plan while only 64 people voted for it. A majority of the votes were cast by farmers. High taxes were the principal cause of the opposition. That was the subject touched upon by nearly every voter who attached a communication to his ballot.

CITY WOULD PAY BILL OF 1,900 FEET

(Continued from page 1)

In favor of doing the work at this time if the city is financially able to swing it. His letter follows:

"Stevens Point, March 21, 1921.—To F. F. Mengel, Division Engineer, Wisconsin Rapids, Wis.—Dear Sir—Your letter of March 19, with reference to Stevens Point-Plover road, at hand. The 1,900 feet of road from the Soo tracks you refer to, personally I am in favor of having done at the time the federal aid project is built, which I am sure would be more desirable for the city in many ways. The travel, as you say, would follow the one detour, and principally the cost of construction would be much cheaper if done at the same time.

"This matter will have to come before the council at the next meeting, which is April 5. I would appreciate it very much if you would arrange to have us figured in on the job, as we will be all set for the same if all goes as I plan. Thanking you very much for the interest you have taken in the matter, I am

"Yours very truly,
"JOHN N. WELBY,
"Mayor."

Arrangements have been made by the Vocational school board with a local bank for borrowing money from month to month to meet current expenses of the Vocational school. The board last week was without funds when the common council's appropriation of \$10,000 was absorbed by overdraft and other recent expenses. Teachers were unable to cash their checks because of the board's financial condition until arrangements to borrow money had been made.

TO WED WIDOW OF HIS BROTHER

STEVENS POINT MAN RESPONDS
TO APPEAL OF RELATIVE
WHO WROTE HIM ON
GOING TO WAR

FAMILY HERE IN APRIL

JOHN HEIDINGER WAS NOT SEEN
WOMAN SINCE HE HIMSELF
LEFT AUSTRIA

When war broke out between Austria and Germany on the one side and the Allies on the other, in 1914, Joseph Heidinger of St. John's, Hungary, allied to the colors, was oppressed by the feeling that for him life would be short. So he wrote to his brother, whom he had not seen since the latter left home in 1908. He wrote that he feared he would never return home and he asked that his brother care for his little children in case anything should happen to the father.

Soldier Killed
The brother, John Heidinger, 632 Michigan avenue, Stevens Point, received and cherished the message. Time passed and word came that Joseph Heidinger had been killed in a battle with the Russians in Galicia. The brother in Stevens Point felt it was his duty to care for the dead soldier's children. Correspondence with the widow followed, and the culmination of it is that the local man, a widower, and his brother's widow, have decided to marry.

Home for All
Mr. Heidinger was seen in the First National bank where he was arranging to send transportation for his prospective bride and her children. It was his duty to care for the children and they couldn't be separated from their mother. So I am going to give her a home too, and she will make a home for me and my children," he said. He has not seen his sister wife since he left St. John's 15 years ago, and she was then a little girl. Since the recent correspondence began the two have exchanged photographs. Mr. Heidinger, who is little over 40 years, is an employee of the Soo. He has seven children, the eldest 15. His brother left three, the eldest now being eight years.

About the middle of April Mr. Heidinger and his oldest daughter will go down to New York to meet the bride. They will come on here once where the marriage will take place.

The Church Rule
Under the strict rules of the Catholic church, to which Mr. Heidinger belongs, brothers-in-law and sisters-in-law are considered "spiritually related" and marriage between them is forbidden in ordinary cases. In special and meritorious cases this rule can be suspended by dispensation of a bishop.

Bears a New Home
To provide a home for his larger family, which now will consist of 10 children, Mr. Heidinger has purchased a Boyington house at 322 Center street and will move into it in the late spring or early summer.

SHIRT AND HAT HERE ORDERED BY VISITOR AFTER SEEING CHICAGO

STRANGER WRITES BACK, AFTER
SHOPPING IN LARGER CITIES,
FOR GOODS IN TWO
STORES IN STEV.

ENS POINT

A letter from a Florida woman, Miss Sara Copeland, who with her niece, a coming spring bride, was in Stevens Point last week on business on her way south, bears interesting testimony to the value of Stevens Point stores and prices in comparison with those in the larger cities. Miss Copeland's letter was sent to the Model Garment shop. She looked at a suit displayed in the Model's windows, at \$95, and while pleased with it, decided she would see what Chicago had to offer. So she hurried at Chicago, also at Cincinnati early this week, and now, finding nothing that suits her so well as part of her niece's trousseau, she has sent back here for the suit. Also she has sent for a hat she saw at the LaNora Hat shop, the other store referred to in her letter, though, Miss Copeland, being a complete stranger here, did not know the hat shop by name.

Miss Copeland's letter follows: "Boone Tavern, Berea, Ky., March 23, 1921—Model Garment shop, Stevens Point, Wis.—Gentlemen: Do you remember Miss Copeland who looked at and talked about the little grey suit for the Florida bride, just about a week ago today. I believe it was? It was the one with grey crepe blouse, the three pieces, \$95. If it isn't sold, please send C. O. D. to Miss Mary Claire Copeland, Cocoa, Florida.

"And if you will kindly see if the grey Georgette hat about two doors from your store, a Fluke hat, the crown had four sections covered with tiny yellow roses, every other section, and the other four of georgette with a tiny braid trimming and narrow ribbon hanging down on left back, price \$16, I am sure I will appreciate it immensely if you will see it. I don't remember her name, or that of her firm. I am sure if you remind her that I looked at it twice, and asked her about sending it to Florida, she will remember. Don't send hat unless you send suit, but send suit anyhow even if the hat is sold.

"I am sorry I didn't have you send the suit while I was in Stevens Point, but I then thought I wanted her to have a touch of blue and hesitated. I haven't seen anything I like as well even at \$125. I haven't found anything I like better, and I shopped in Chicago Monday and in Cincinnati yesterday.

"Please send me a reply, special delivery, add postage to bill, to Louisville, Ky., care Sealback hotel, and please cut me a tiny sample somewhere, so I can match hose, shoes, etc.

"Hoping to hear from you as early as possible, I am
"Yours very truly,
"(MISS) SARA COPELAND."

STOCK AGAIN PASSED TUBERCULIN TESTS

Forty-three head of purebred cattle owned by R. K. McDonald on Accredited List

Forty-three head of purebred cattle owned by R. K. McDonald have just passed the tuberculin test under United States supervision for the fifth consecutive time in as many years and are again placed on an accredited list. Y. V. Martinson, a federal veterinarian, spent Monday and Tuesday at the McDonald farm making the tests and found each head of stock up to the government standard. This gives the owner of the cattle the privilege of shipping to any state in the union without re-testing.
